Vignan Institute of Technology and Science, Deshmukhi	2027
B.Tech in Computer Science Engineering [7.69 CGPA]	
Sri Chaitanya Junior Kalasala, Ranga Reddy	2023
MPC[93.7 %]	
Kendriya Vidyalaya Kanchanbagh, Hyderabad	2020
CBSE[7.8 CGPA]	

Internships

Website Development & Analytics Intern

Sai Talks Cinema (*Remote*) June 2026 – Present

- Customized and redesigned a live WordPress movie review website using HTML, CSS, and GeneratePress.
- Developed a responsive dark-themed interface and optimized layouts for desktop and mobile devices.
- Integrated Google Analytics 4 (GA4) for website traffic analysis and user behavior tracking.
- Collaborated with the website owner to implement feedback and enhance the website's UI/UX.

Machine Learning & Deep Learning Intern

Computer Society of India (CSI) Hyderabad Chapter May 2026 – June 2026

- Completed a one-month internship focused on Machine Learning and Deep Learning concepts.
- Learned Machine Learning algorithms, Deep Learning fundamentals, Natural Language Processing (NLP), and Linear Regression.
- Gained hands-on experience in Python-based AI application development.
- Strengthened problem-solving, analytical thinking, and AI model implementation skills.
- Successfully completed the internship by developing an AI-based project and presenting the final solution.
- **Technologies:** WordPress, HTML5, CSS3, GeneratePress, Google Analytics 4 (GA4), Responsive Web Design

Projects

Student Grievance Portal

- Developed a web-based portal for students to register and submit grievances with validation and database storage.
- Technologies: PHP, MySQL, HTML, CSS, XAMPP
- Live Demo: <https://studentgrievanceportal.infinityfreeapp.com/>

News Portal

- Built a responsive multilingual news website with dynamic language switching based on user preference, featuring article navigation and video sections, improving user accessibility and engagement.
- Technologies: HTML, CSS, JavaScript
- Live Demo: <http://vujjwalanews.infinityfreeapp.com/>

Portfolio Website

- Developed a modern responsive personal portfolio website to showcase projects, skills, resume, and contact information.
- Technologies: HTML, CSS
- Live Demo: <https://vemuri-vujjwala-rathna-veena.vercel.app/>

Voice to Resume Generator

- Developed an AI-powered web application that converts user voice input into professional resumes with ATS score analysis and resume preview.
- Implemented speech-to-text functionality, resume generation, and responsive user interface for better user experience.
- Technologies: Python, Flask, HTML, CSS, JavaScript, Speech Recognition
- Live Demo: <https://voice-to-resume-generator.vercel.app/>

Restaurant Website (Static Web Pages)

- Designed responsive static web pages for a restaurant to showcase menu items, services, and contact information with an easy-to-navigate interface.
- Technologies: HTML, CSS, JavaScript
- Live Demo: <https://restaurant-website-five-lilac.vercel.app/>

Skills

HTML, CSS, Python, GitHub, VS Code, Xampp, Java(Basics), SQL (Joins, Queries, Database Management), Google Analytics 4(basics), Google Tag Manager (basics), NodeJs, ReactJS, Wordpress, Hostinger.

Soft Skills

Adaptability, Teamwork, Communication, Leadership, Email Etiquette, using GitHub, Coordinated events during college coding activities, Continuous learning.

Certificates

Agentic AI Masterclass: Building Multi-Agent Systems with AutoGen, LangGraph & CrewAI, Build a Resume Review Agentic System with CrewAI, Building Intelligent Chatbots using AI, End-to-End ML Deployment on AWS Lambda, Docker & API Gateway, Knowledge Bases & Memory for Agentic AI, Analytics with SQL and Python, DevOps Workshop, Building Data Analyst AI Agent, Building a Text Classification Model with Natural Language Processing, Building Agentic AI System with Bedrock, CLA: Programming Essentials in C, Gen AI Applied to Quantitative Finance for Control Implementation, Gen AI for Everyone, Generative AI with AWS, Generative AI, Google Analytics 4 (GA4) Certification, Introduction to Cybersecurity, Introduction to Modern AI, IoT and Robotics Workshop, JAM Certificate of Participation, Java Programming, JavaScript Essentials 1, Power BI Workshop, Python for Beginners, and Python Zero to Hero.

Achievements

- **Reliance Foundation Undergraduate Scholar** – Selected among **1,25,000+ applicants** for the **Reliance Foundation Undergraduate Scholarship** based on academic excellence and merit; awarded **₹50,000 per year** until completion of **B.Tech**.
- **Networking and Alumni Head – NSS (National Service Scheme)** – Leading networking and alumni engagement activities and coordinating communication, events, and collaborations with alumni and volunteers.
